2. Rules for every file

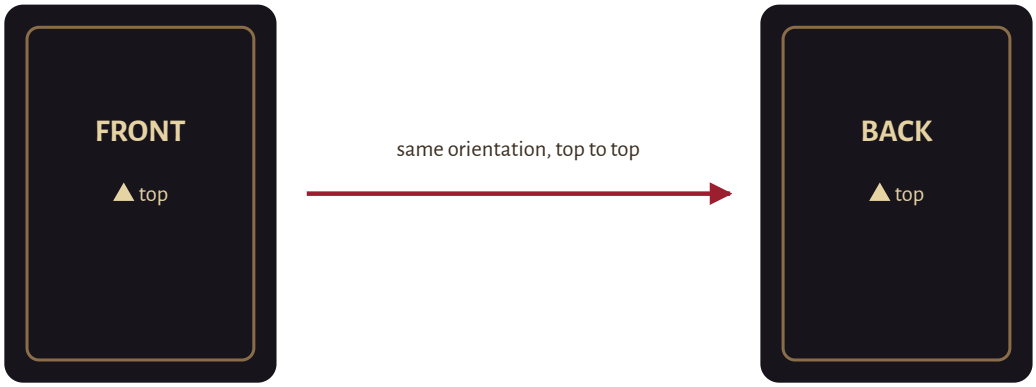

- Every PDF page is the finished size plus **3 mm bleed** on all four sides. Trim to the finished size; keep the cut within ±0.5 mm. Nothing important sits within 3 mm of the trim.
- Files are **RGB**. Convert to CMYK with your own profile and send a printed **colour proof** before the run. The art is dark: protect shadow detail and do not let blacks fill in.
- Images are 300 dpi or better at finished size; fonts are embedded. Do not rescale any page.
- **4/4** means printed on both sides, **4/0** on one side. Magenta lines (#EC008C) are cut lines and cyan dashed lines are folds; they appear only on die-line pages and are **never printed**.

3. Cards (63 × 88 mm)

Each card PDF has **one card front per page**, in deck order. Print every page once. Every card in a deck has the same back, taken from `cards/card-backs.pdf` (table below).

Print the back **head to head** with the front: the top of the back is behind the top of the front (diagram). Round the corners (3 mm radius).

Bank cards are the only cards with three different backs: print each bank card with the back for its Reach. The file names say which: `bank-1-…` takes back page 6, `bank-2-…` page 7, `bank-3-…` page 8.

7	Fog · II	Bank cards, Reach II
8	Fog · III	Bank cards, Reach III

Bank cards per Reach: 6 / 8 / 6

4. River board (3 panels)

`board/river-board.pdf` has three A3 landscape pages, one panel each (4/0). Mount each on 2 mm greyboard, matte laminate, trim. The panels are separate pieces laid edge to edge on the table, I | II | III, left to right; the river runs straight across the joins.

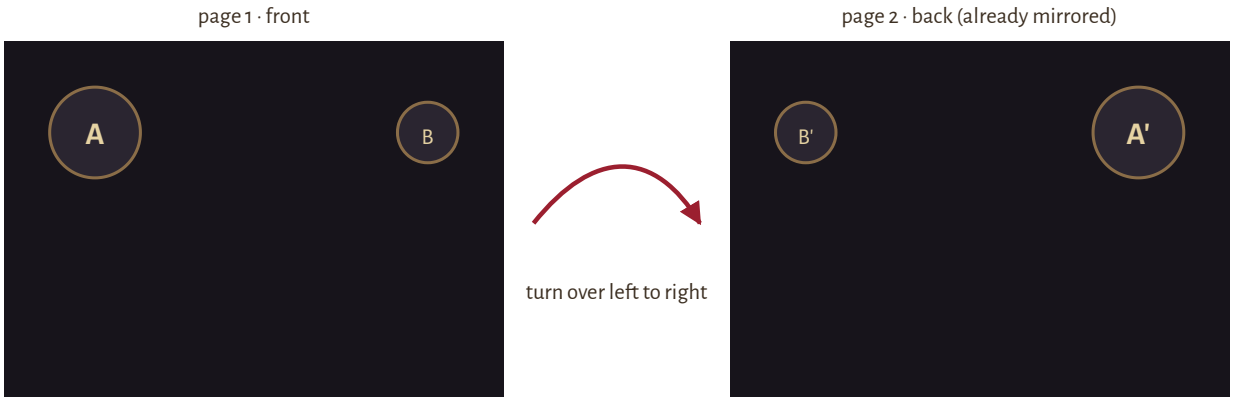

Loom of the Fates board. `loom/loom-of-the-fates.pdf`, page 1 (4/0); page 2 is its trim line (not printed). Mount on 2 mm greyboard, matte laminate, trim to 297 × 210 mm with 3 mm round corners. Its 22 mm knot circles take the 18 mm knot discs from the punchboard.

three separate panels, laid edge to edge

5. Punchboard (tokens)

`tokens/punchboard.pdf`: page 1 is the front, page 2 the back, page 3 the die line (not printed). The back is already mirrored: turn the sheet over **left to right**, round its vertical centre line, so every back lands behind its front. Die-cut 25 mm and 18 mm discs; the art runs 1.5 mm past every cut.

each back (A′, B′) lands behind its front (A, B)

Token	Front	Back	Qty	Size
The Oar		same	1	25 mm
Push Through		spent (dimmed)	4	25 mm
Hold Fast		same	1	25 mm

The soul / the Ghost		the Ghost	1	25 mm
Root / Bloom		Bloom	24	18 mm
Grievance		same	8	18 mm
Black Water		same	6	18 mm

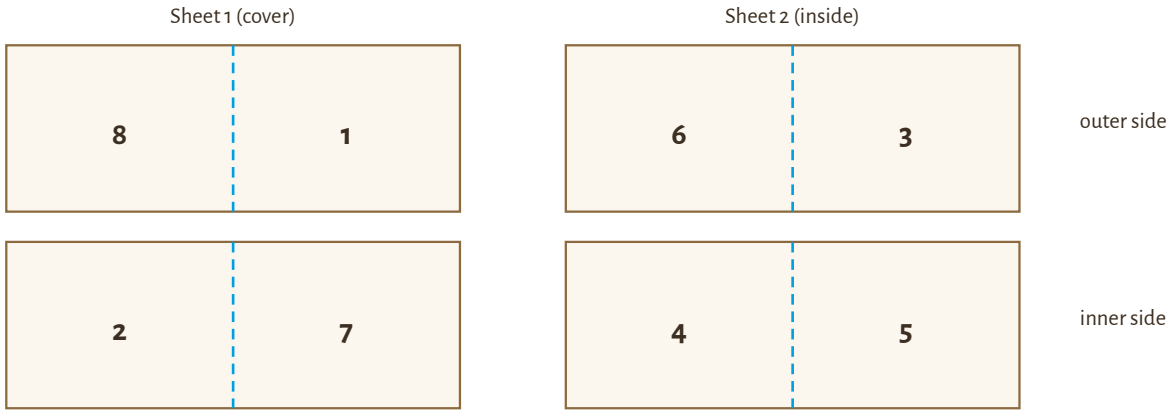

Token	Front	Back	Qty	Size
Fracture		same	3	18 mm
Light		same	12	18 mm
Knot		same	15	18 mm
The Echo		same	1	18 mm

6. Books of Remembrance (5) and rulebook

One Book per Soul: `books/book-of-remembrance-child, -garland, -king, -bride, -open.pdf`. Each is **8 A4 pages in reading order**; impose them yourselves for saddle stitching on two sheets (diagram). Cover sheet (pages 1, 2, 7, 8) on 250 g/m², inner sheet (pages 3–6) on 157 g/m² matte.

Photo corners. Pages 4, 5 and 6 each have four card wells with a printed corner mark at every corner. Stick one clear self-adhesive photo corner (about 12 mm) on each mark: **48 per Book, 240 per game**. Do not die-cut slits: page 4 is printed on the back of page 3, so slits would cut through its text.

`rulebook/rulebook.pdf`: 20 A4 pages in reading order, saddle-stitched (5 sheets). `rulebook/player-aid.pdf`: one A5 card printed 4/4, page 1 front and page 2 back; 4 copies per game.

7. The box

Lid 300 × 300 × 75 mm and base 296 × 296 × 73 mm, 2 mm greyboard wrapped in 157 g/m² art paper, matte laminated. `box/box-lid-wrap.pdf` and `box/box-base-wrap.pdf` are the flat wraps (4/0) with 15 mm turn-ins; `box-lid-dieline.pdf` and `box-base-dieline.pdf` show where to cut and fold. If your stock box is a different size, send us its dieline and we will place the art on it.

On the lid the four sides are already turned so each reads upright once folded down: **A** (front, below the bottom edge of the cover art), **B** (right), **C** (back, above the title), **D** (left). The base wrap carries the box back on the bottom panel; its sides are plain.

Glue `box-lid-liner.pdf` inside the lid and `box-base-liner.pdf` on the floor of the base, art side up, after wrapping.

8. Assembly and packing (one copy)

Base on the table. In this order, bottom to top:

1. The three river board panels, stacked I, II, III, face up, then the Loom of the Fates board on top.
2. The punchboard, face up (unpunched).
3. The five Books of Remembrance, each with its photo corners applied.
4. The cards, each deck shrink-wrapped or banded separately: Memory 72, Mist 42, Ghost 12, bank 20, then Soul 5 and Mantle 4 together.
5. Four Player Aids, then the rulebook on top, cover up.
6. Lid on, side A to the front (the cover reads upright). Shrink-wrap the box.

9. Before you print: checklist

☐ Colour proof approved, especially the dark river and box art.

☐ Card backs line up with their fronts (head to head) and every bank card has its own Reach's back.

☐ Punchboard back registers with the front; die cuts stay inside the art's 1.5 mm overrun.

☐ Box wrap: sides read upright when folded; cover title at the top; turn-ins neat on the inside.

☐ Book pages 4–6: 48 photo corners each, on the printed marks; cards slide in and out.

☐ Counts match section 1.
