FORGOTTEN PILE

Forget a card: lay it here face up on the next number, overlapping the card before it. The number above the newest card is how many cards are forgotten. If a card leaves the pile, slide the later cards back. At 6 the soul is Light as Ash and at 9 Adrift (it may step further, section 4). When the pile reaches your Lantern's ✕ (◆◇◇◇ Gentle 11, ◆◆◇◇ Standard 10, ◆◆◆◇ Hard 9, ◆◆◆◆ Heroic 8; the Child of the Last Flame may forget one more), you lose (Faded).

FRACTURES

Each Fracture the soul takes goes on the next well. A Fracture that is mended comes off the highest well.

BLACK WATER SUPPLY

Put only your Lantern's Black Water tokens here: Gentle 6, Standard 5, Hard 4, Heroic 3. Black Water removed from the river goes back in the box, never here. If you must place Black Water and this well is empty, you lose (Deluge).
